# JCS SUPERINTENDENT

As we begin to see signs of spring, graduation is right around the corner for some of our families! About 600 seniors in the Johnston High School Class of 2024 will graduate at 7 p.m. Tuesday, May 28 at the Drake Knapp Center. No tickets are needed and there aren't limits to the number of family members or friends who can attend. The event will be livestreamed at [team1sports.com/johnston](https://team1sports.com/johnston).

We've had so much success to celebrate this past winter and early spring. Here are a few highlights:

- JHS received the Carrie Chapman Catt Award for securing voter registration pledge cards from over 90% of JHS seniors.
- Our undefeated Johnston varsity girls basketball team took us to the state championship game for a fifth year in a row.
- Our varsity boys basketball team also qualified for the state tournament this year.
- JHS junior Jacob Helgeson became Johnston's first two-time state wrestling champion. He was among 12 Johnston wrestlers who qualified for state, three who made the podium.
- Ella Devine and Advik Bajpai qualified for the National Speech and Debate Tournament, which will be held in the Greater Des Moines area in June. Johnston will be one of the host schools.
- Johnston Academic Decathlon won the regional championship.
- Our boys bowling team qualified for state for the first time since 2016 and placed fourth at state. Two bowlers on our team, including Zach Moorman from JHS, qualified as individuals and tied for fifth at state.
- Our middle and high school show choirs had an amazing season with two grand championships, 1st place and runner up finishes in Davenport, Pella, Urbandale and Southeast Polk.
- Two Johnston robotics teams, the Disco Duck Bots and Atomic Narwhals, advanced to the state championship in March.
- Our dance team went to nationals in Orlando in March.
- More than two dozen JHS students have committed to play sports in college.

We continue to make strides with our alternative programming. More than a dozen students have graduated this year from the Drop-In School, which re-engages them with a safe, supportive setting and smaller class sizes. This program has now graduated about 45 students since it began two years ago. Construction is underway for four new K-8 therapeutic learning classrooms at the District Office with an emphasis on social, emotional, behavioral and mental health. We are also looking to develop additional alternative programming in 2024-2025 to replace our partnership with Metro West.

Thanks so much to everyone for embracing ParentSquare as our district's new communications platform this school year. We'd like to encourage everyone to download the ParentSquare app as a way to consolidate communications for all of your children from the district, school, class and teams.

This edition of Connection features our Johnston Community Education summer programs. As you plan for summer and the upcoming school year, please find the school district's recently approved 2024-2025 academic calendar here. Enjoy the warmer days ahead!

# Summer KIDS CONNECTION (KTC)

Kids Connection (KTC) is the Johnston Community School District's child care program available to students during the school year and summer. The focus of the program is to provide enjoyable, motivating, and structured activities for students, along with offering enriching field trips. KTC provides quality, caring staff to meet the individual needs of each child and foster open communication with district families. All sites are licensed by the Department of Human Services. Learn more about KTC at [johnstoncsd.org/commed](http://johnstoncsd.org/commed).

KTC offers competitive rates and flexible scheduling. KTC provides breakfast and snack each day during the summer (bring your own lunch). KTC offers 'Consistent Schedule' contracts, for those who will attend 5 days each week throughout the summer season. 'Pick Your Days' contracts are for those who will attend less often or require a flexible schedule.

KTC will participate in a variety of field trips during the summer to expose children to the community and enjoy local entertainment options. Each KTC site will create a monthly field trip schedule which will be communicated to those registered and made available at the KTC site. When on-site, KTC will offer outlets for children to be creative, learn, and get moving! Enjoy a relaxing and fun summer to remember!

*"I love being a KTC Child Care Provider because of the kids. When I am having a bad day, they make it so much better! I appreciate having these kids so much and can't wait to keep working with them." -Karstyn Knight*
